## **Candidates with Disabilities**

The Americans with Disabilities Act, Section 309, requires certification and testing organizations to comply with the Act. This section states: "Any person who offers examinations or courses related to applications, licensing, certification, or credentialing for secondary or post-secondary education, professional, or trade purposes, shall offer examinations or courses in a place and manner accessible to persons with disabilities, or offer alternative accessible arrangements for such individuals." The ABE complies with the Americans with Disabilities Act by ensuring that persons with disabilities have physical access to the testing facilities used by the Board. Further, the Board will make accommodation in the way the examination is administered for those persons who have disabilities. Persons with questions concerning the Americans with Disabilities Act, as it relates to the examinations given by the ABE, are encouraged to contact the Secretary of the Board.

## **Optional Disclosure Application**

Optional disclosure of a disabling condition: Candidates are not required to reveal the existence of any physically or mentally disabling condition. However, for Candidates who have disabilities, the American Board of Endodontics will consider, and if appropriate, institute alternate examination procedures to accommodate the disabling condition.

**Description of any disabling condition:**

**Suggested change in examination procedures in order to accommodate disabling condition:**
