

# 2024 Endodontic Surgery Survey Results

April 2, 2024

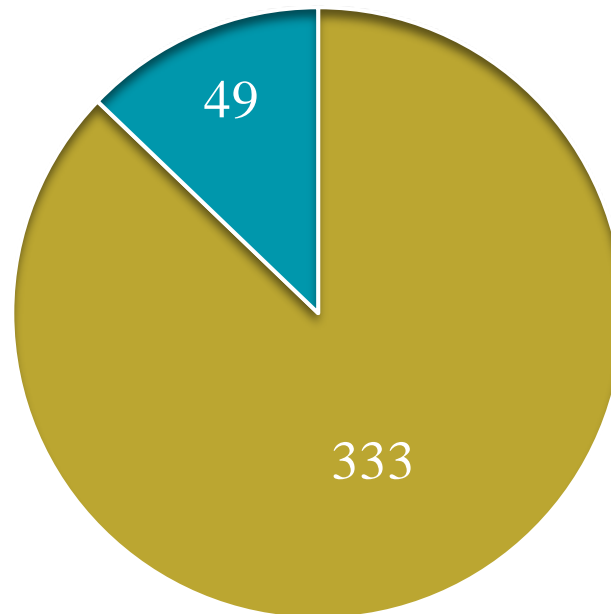

# Endodontic Surgery Survey Results

The Endodontic Surgery Survey was conducted in March 2024 and is part of the AAE's ongoing effort to enhance our continuing education offerings and gauge interest in endodontic surgery related topics and workshops.

The survey was sent to 4,660 endodontist members with 382 participants for an 8% response rate.

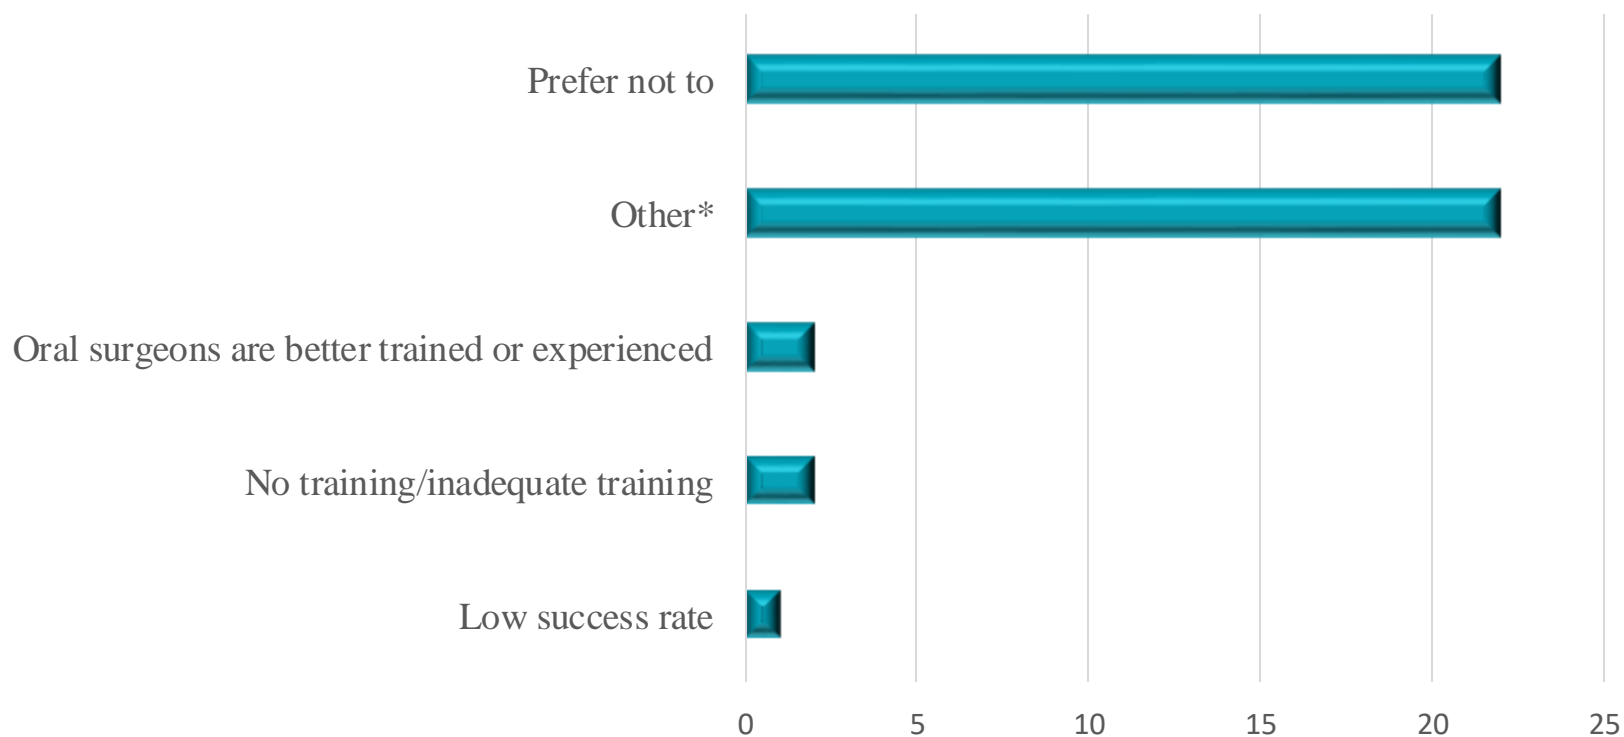

# Do you currently perform endodontic surgery?

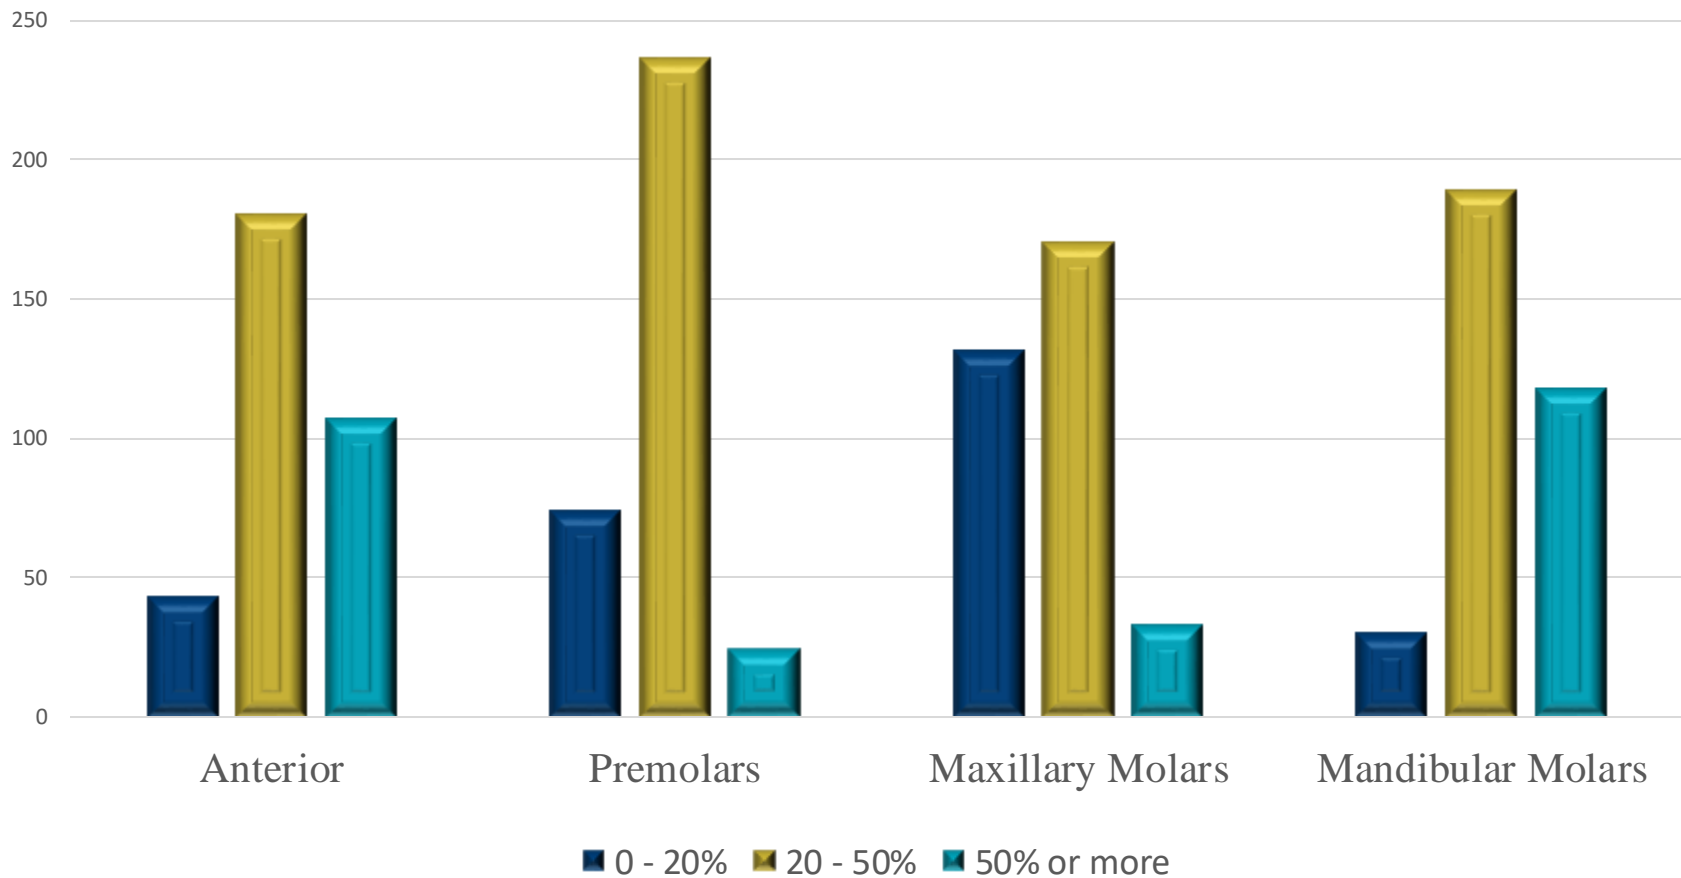

■ Yes ■ No

# If no, why not?

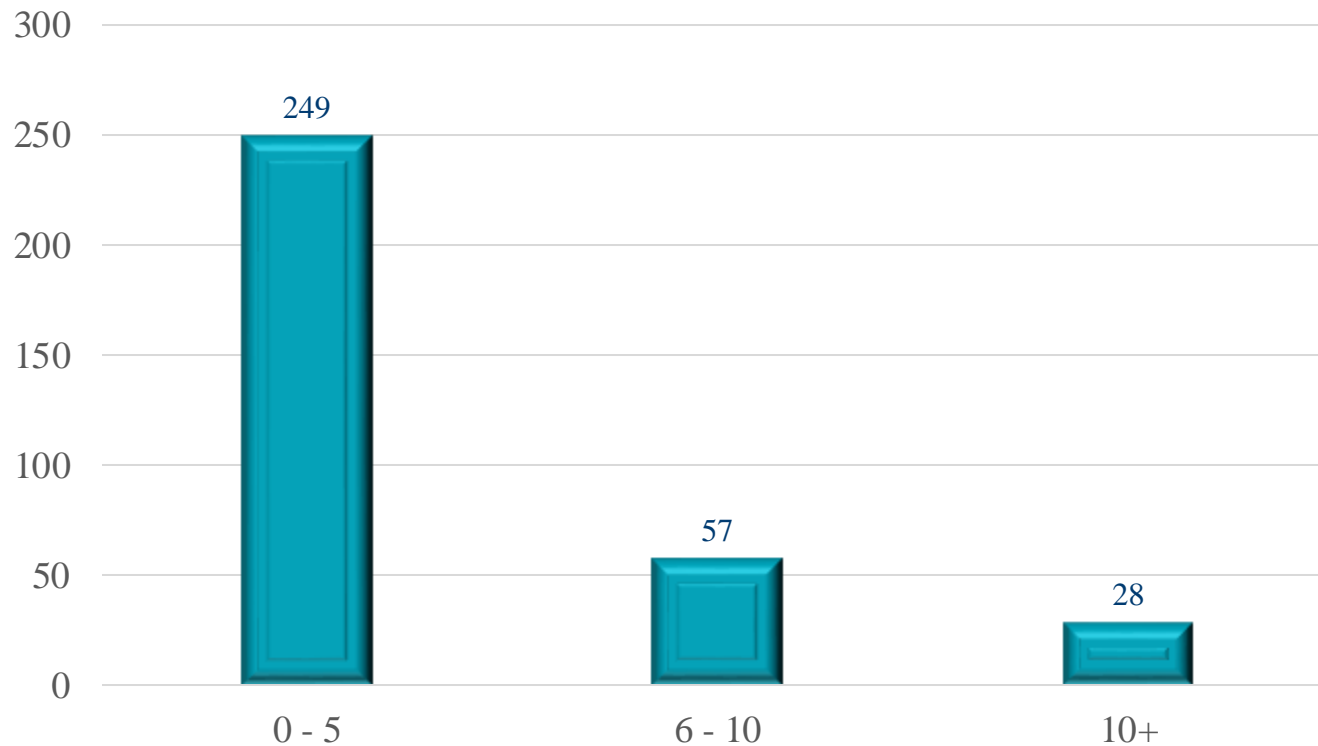

\* The vast majority of “other” responses were members that had retired.

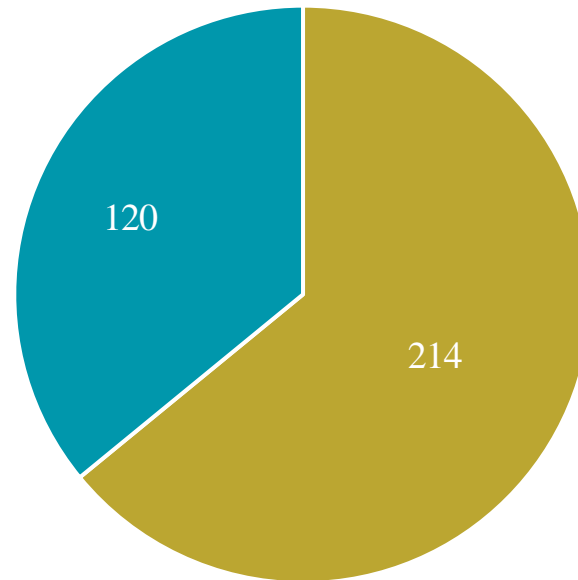

# If you do perform endodontic surgery, which teeth are you performing surgery on?

# How many surgeries do you perform per month?

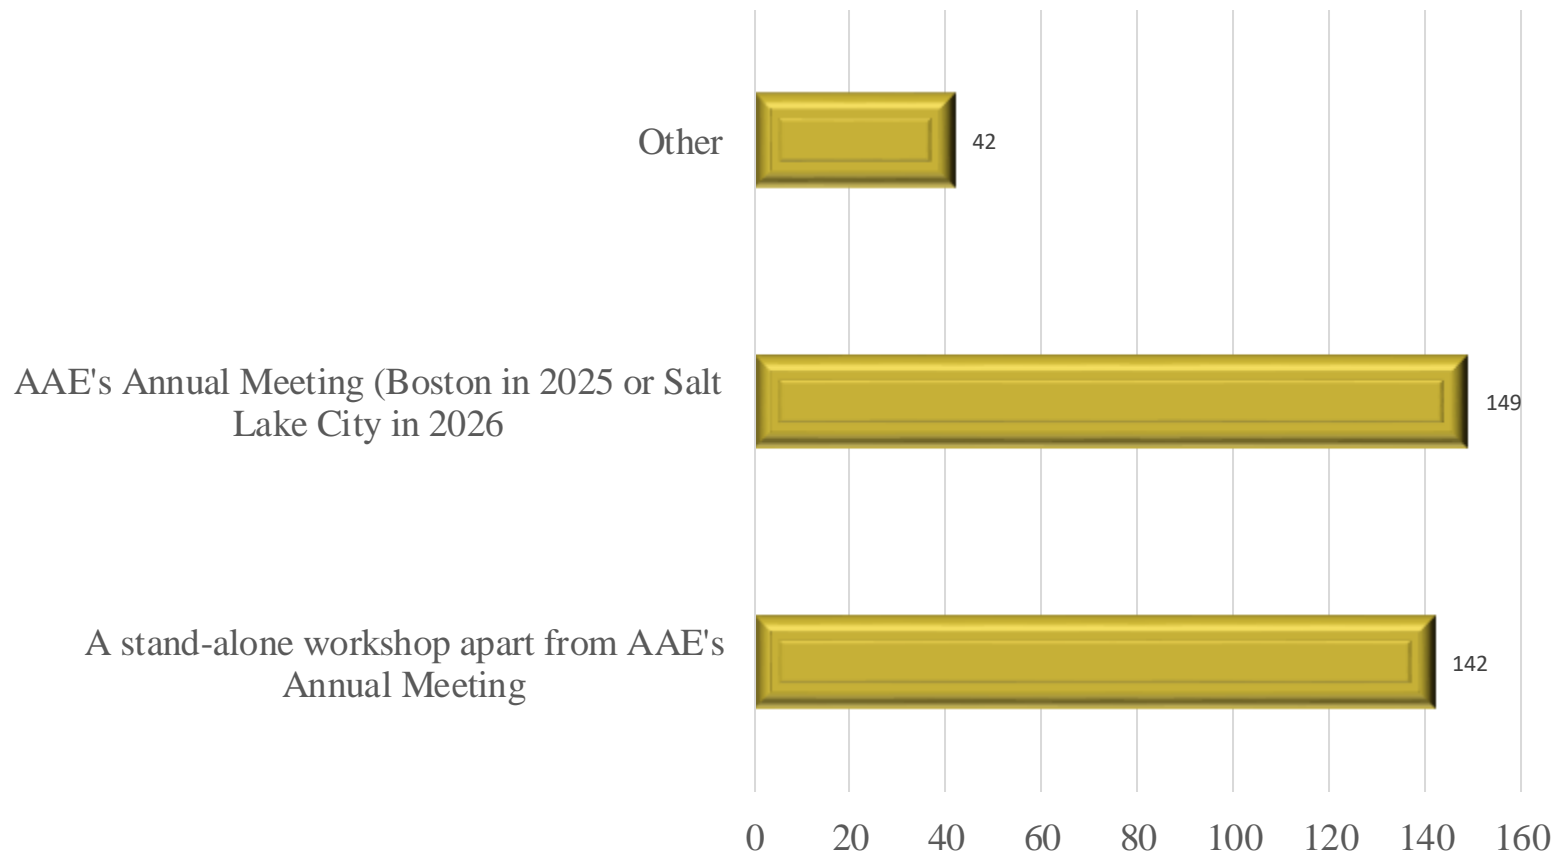

# Are you interested in learning more or attending a surgery workshop offered by the AAE?

■ Yes ■ No

# If you would like to attend a workshop, would you prefer to attend at:

# Thank you to all who participated in the endodontic surgery survey!

**Your feedback gives the Association valuable direction on where to focus our efforts to continuously add value to your membership.**
